Charity Races  
At Dog Track  
On Sunday P.M.

California's first daylight greyhound racing will be presented tomorrow afternoon at the El Cerrito Kennel club track.

Races start at 2 o'clock. All proceeds will go to Contra Costa county charities to care for needy families.

With officials and employees donating their services, even the owners and trainers of high priced greyhounds have agreed to race without purses tomorrow at El Cerrito. Purses money also goes to the charities. Last year El Cerrito track fed 5123 persons during the holidays.

Eleven races will make up the brilliant Sunday card, and everything will be run off in the same manner as at nighttime.

WAKE UP YOUR LIVER BILE WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes more food, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "on top of the world." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

Bardon's task for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware of substitutes. See at drug store.

OILERS IN  
BIG BATTLE  
AT OAKLAND

By Charles Glum

A fighting crusade of basketball players representing the local high school went down to a 23 to 16 defeat at the hands of McClymonds' Hizh at Oakland yesterday afternoon. They put up a splendid scrap during the first half to leave the floor on the short end of a close 8 to 7 margin in the feature game.

Considering that it was the Oilers first game of the season in which there is but one veteran on the squad and that McClymonds is rated the cream of the O. A. L. quintets, and had the benefit of a tough contest with Alameda earlier in the week, the Oilers' Warriors rather formidable.

McClymonds' Warriors had crushed Alameda in their first game of the season.

Outstanding in the play of Richmond were Alexander and McLaughlin. Alexander's floor game was spectacular at times and the only Oiler Veteran's spirit played a large part in the Oilers' defensive work.

McLaughlin's two field goals from difficult angles which clearly rang the hoop drew the applause of a large crowd.

After the contest, Head Coach Phil Hempler stated he was very proud of the game his charges played and that with a few more practice games under their belts the locals would make it plenty tough for Alameda County Athletic League teams after the first of the year. His opinion that the Oilers showed the makings of a great quintet was shared by spectators and players alike.

In the preliminary contest the Richmond Jr. Varsity quintet completely outclassed the home team by a score of 18 to 5. The young Oilers got the jump right at the start of the game and were never headed.

A forward by the name of Pratt, whose sensational shots were responsible for 8 of the tallies, looked like certain future Varsity material in this contest. His floor work was easily the most outstanding in either contest.

Richmond is considered to have one of the finest "B" teams in the Eastbay and should be likely favorites to copy in their division of A. C. A. L. play.

The Oilers will practice the remaining days before Thanksgiving but will engage in no competition until after the holidays, declared Coaches Hempler and Ribbet this afternoon.

California, Cards To  
Meet In Big Contest

SAN FRANCISCO, Nov. 24.—UP

"Big game" hysteria swept over students and football fans alike tonight as 88,000 persons prepared to occupy costly seats at Palo Alto tomorrow to watch the traditional game between University of California and Leland Stanford University.

Stanford remained the favorite, with the betting vacillating between 10 to 7 and 10 to 8. There was a great deal of betting, but most of it was person to person rather than through professional commissioners.

Priced Room  
Sculpers' prices for tickets boomed upward as the supply dwindled. They ranged from \$25 to \$100, it was reported. A few seats behind the end zone were available.

Stanford was virtually certain of representing the West in the Rose Bowl at Pasadena New Year's day in the event of victory over California. Should Stanford lose, either Oregon, California or University of Southern California may be in line.

Have Tie Chance  
Stanford will tie Oregon for first place in the Pacific Coast conference if it wins. The season has not produced an unbeaten team on the Pacific Coast.

Students of each institution were wildly excited.

Students in Raids  
Five Stanford students burned a huge letter "S" on grass of the California campus. Arrested by police, they said they were retaliating for a "C" that was burned on the Stanford campus. They were worked and they were released. Later it was learned that no California men had then visited Palo Alto.

Raiding bands from both schools immediately were organized, however. Stanford's general idea was to paint Berkeley red, California, on the other hand, splashed blue and gold paint liberally at Palo Alto.

Capture Raiders  
A group of Stanford students was caught attempting to burn an "S" on the lawn of the Sigma Alpha Epsilon fraternity at Berkeley. They were tubed in cold water and soundly paddled.

A dozen Berkeley Delts were captured in Palo Alto and were found tied to trees in the country.

Royle, technical advisor for the two-days' sky show, from officers of the "Ninth-Nine Club" women flyers organization, in various parts of the United States.

Gladys O'Donnell of Long Beach, holder of three speed distance flying records, and Harriet Isaacson of Oakland, coast vice-president of the "Ninety-Nine Club" are to head the squadrons of aviatrices expected here in mid-December for the International Air Pageant.

Twelve races are scheduled for the two days' air show, including professional speed dashes for cash prizes between aviating champions of Northern American and sportsman pilots; racing and stunting tests for silver and gold trophies.

## UGLA BRUINS AND GAELS TO BATTLE TODAY

SAINT MARY'S COLLEGE, Nov. 24.—Faced with two important contests within six days, Coach "Slip" Madigan worked hard this week to snap the Galloping Gael variety out of the lethargy resulting from the 6-6 tie with the Broncos of Santa Clara.

The Gaels meet the Uclan Bruins this Saturday and on Thanksgiving Day take on the Oregon Webfeet in Kezar Stadium.

With our game with U. C. L. A. slated for Saturday, we are faced with perhaps the most serious contest that has confronted us in many a year," stated Madigan before boarding the train for Los Angeles with his team. "There is no need for concealment of the fact, for it is plain to all our followers. The Saint Mary's squad, and in particular the first two teams, are undoubtedly suffering from staleness and are victims of a mental attitude that is going to require superhuman effort to eliminate."

Madigan left Thursday evening with a party of forty, including thirty-seven gridders, for the Southern city, scene of Saturday's conflict.

For the second time this season the Galloping Gaels invade Los Angeles hoping to hit their stride once more as they did in the University of Southern California tilt at the opening of the season.

Coming out of the Santa Clara game with only a few minor injuries, the Moragans enter the Coliseum classic at full strength. In the line, the Man Mountains are intact, offering Fred and George Caninus at ends, Carl Jorgenson and "Kexar" Yezowski at tackles, Neib Elduayan and Ed Gilbert at guards, and reliable Mervin Yates at the pivot post.

The first string backfield is the same that carried the brunt of the attack against U. S. C. Fordham and Santa Clara, consisting of crafty Sid Ahearn, quarter; George "Icehouse" Wilson and big speedy Al Nichelini at halves; with Grenadier Gord Garte at the fullback position.

Wilson and Nichelini are the big power threats of the Moraga team. The former is the leading scorer of the team with 30 points, the man who gained more yards in New York than the entire Fordham team. Nichelini has made but three touchdowns this year, but they came from runs of 40, 44 and 66 yards without one defender coming near the Gael speedburr.

## HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless this flow of hot pure juice from your liver into your bowels, your food digests in your bowels. This means you get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache, you have become an ugly looking, foul smelling, sour-smelling person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, laxatives, pills, laxatives, cathartics, chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and don't take away enough of the poison.

Only a free flow of your bile juice will stop this deadly poison in your bowels. The Little Liver Pills, the colonic (no-cure) in Carter's. Only fine, mild vegetable personal charm to win men, start taking Carter's Little Liver Pills according to directions today.

## Santa Clara, Gael Break Is Rumored

SAN FRANCISCO, Nov. 24.—UP.—Rumors that Santa Clara University and St. Mary's college may break relations gained circulation tonight despite the denial of Maurice "Hooper" Smith, Santa Clara coach, that he accused St. Mary's players of "dirty" work.

The Board of Athletic Control of St. Mary's precipitated the newspaper argument by demanding that Smith retract the charges and apologize.

A San Francisco newspaper quoted Smith as saying, after the 6 to 6 tie played by the teams last Sunday:

"What gets me down is that St. Mary's lays for these kids every year and they get away with murder. The officials don't seem to see it."

Smith denied he made the assertion and said he did not know the reporter who quoted him.

Further action awaited meeting of the St. Mary's Athletic Board of Control on return of officials from Los Angeles, where St. Mary's plays U. C. L. A. tomorrow.

## Wife Refuses To Prosecute Walter Hess

OAKLAND, Nov. 24.—UP.—Walter P. Hess, accountant, was released today when the woman he married because he had "a pain in his head" refused to prosecute him on bigamy charges.

Hess and his first wife, a Chicago school teacher, said they would hitch hike to the East and eventually go to Switzerland, Hess' homeland.

Hess told police that a pain in his head after an automobile accident in Seattle made him want to go back to Switzerland. He said he married Mrs. Dash Gou Balyouzian because she had enough money to pay their fares.

He said his conscience hurt him. He sent Mrs. Balyouzian to Los Angeles and brought his original wife here. The latter, learning his predicament, wrote a 10-page letter to the second wife.

"Release him. I will not prosecute," said the telegram from Mrs. Balyouzian.

## Thrilling Game Between C. P.-Loyola Eleven

LOS ANGELES, Nov. 24.—College of Pacific football team lost 7 to 14 to Loyola of Los Angeles, but won 15,000 admirers by their game stand against a superior team tonight.

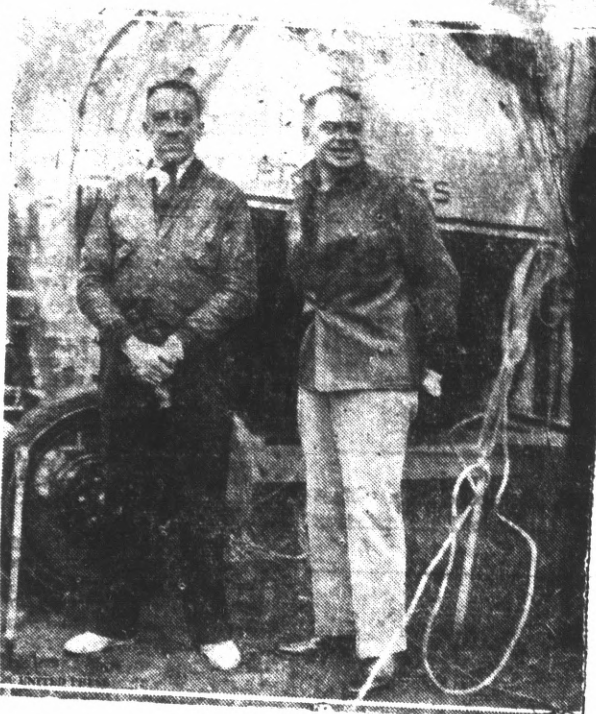

Stagg's boys held the Loyola team even for two quarters, but in the early part of the fourth quarter, Bouchard, Lion half, broke loose on a 30 yard run to break the 7 to 7 deadlock.

Long passes and tricky end runs kept fans in a state of excitement throughout the four periods. The second and third quarters after a harrowing opening period, were scoreless.

## S. P. REPORTS ITS EARNINGS INCREASING

SAN FRANCISCO, Nov. 24.—South Pacific company had the best month this year in October, when improved traffic and a firm grip on expenses resulted in \$2,488,432 net from operations, before payment of bond interest and other charges.

It was the first month that the net railway operating income has crossed the \$2,000,000 mark. In the preceding month the operating net was \$1,789,426 and in the same month last year it was \$1,846,025.

Net from operations during the first ten months of this year was \$6,566,001. President A. D. McDonald's report showed, this was up \$1,166,071 from last year's showing.

The company has been operating in the black since April. The first four months showed operating losses. Going back five years, this October is the first one to show an increase in net over October of the preceding year, and it is also the first time in five years that the ten month's figures have been better than in the preceding year.

Total revenues for the ten months from operations were \$107,861,615, of which \$82,385,158 came from freight. The figure was less than last year by \$14,034,854 due to declines, notably freight, which was down more than \$8,600,000.

Expenses were also trimmed off. The total of \$84,937,937 was under last year by \$12,827,911, and tax accruals of \$11,214,736 were under the preceding year by \$1,629,143.

Thereafter two strikers were killed when fired upon allegedly by cotton growers.

University of Southern California's team, revived by a 28 to 4 victory over Oregon after dropping a game to Stanford, will be a South Bend as favorites over Hunk Anderson's Notre Dame Ramblers.

St. Mary's conqueror of Fordham, is favored over University of California at Los Angeles as the meet in the southern city.

Stanford stadium has 88,000 seats. Some 90,000 persons are expected to attend. It was indicated, Stanford was favored.

Washington's meeting with Washington State, always a bitter-fought game, was considered a toss-up. About 30,000 are expected to attend.

## COMEDY BILL ON SUNDAY AT FOX THEATER

Jack Pearl, famous Baron Munchausen of the radio, will make his screen debut in Richmond at the Fox theater in "Meet the Baron," which heads a double program including "East of 5th Avenue," dramatic romance of New York's boozing houses with Wallace Ford, Mary Carlisle-Waller and Connolly.

"Meet the Baron" main feature at the Fox tomorrow is M-G-M's latest laugh sensation and includes many of Munchausen's rascals besides the renowned "Baron" Jimmy Durante, Zasu Pitts, Tod Healy and his Steeple, and Edna May Oliver head the supporting cast in a film that begins in fun and ends in a howl of merriment.

Double Bill Today

"Little and Gus" featuring the screen's greatest sweethearts of maturity, W.C. Fields and Alison Skipworth, heads the double program ending at the Fox theater today. "The Mad Game" dramatic story of the kidnapping romance with Samson Tracy, Claire Trancy and Ralph Morgan in the leading roles, is the added screen feature ending today.

## Hollywood Film Shop

HOLLYWOOD, Nov. 23. UP—

Heroes may come and heroines may

go, but heavies go on forever.

That is because John Miljan

do. It's been 10 years or more now

since he began being the screen's

villain incarnate, and here he is

still bowling along at top speed.

John likes it. Movie fans aren't

really mad at him, even though

he always plays the inscrutable

mortgage holder or the despicable

lawyer or something like that. And

in the decade that has seen him

pursuing the even tenor of his way,

many and many a famous name has

dropped into oblivion.

There is something else, though,

that weighs heavily in a heavy

favor.

"Did you ever notice," John

asked me, "that the heavy never

gets blamed for a bad picture? If

the film doesn't come up to stand-

ard, the leading man, or the lead-

ing woman, or the director, or the

writer, or maybe all them them, are

blamed. But the heavy is always at

the very least, let off with men-

tion of a good performance."

John has been in some 500 mo-

tion pictures in his time. There have

been some mighty fine ones and in

the logical and inexorable work-

ings of the law of averages, the film

call turkeys John never has been

blamed.

Let it be added hastily, there is

no indication that John should be

blamed. But it is interesting to

chronicle he never has been.

"Maybe it's just as well we heav-

ies get all the ideas but none of

the vegetables," John mused. "And

here is something else I would glad-

ly wager on. If a recognized heavy

was given a comedy part, he would

get more and bigger laughs than the

recognized comic would. I'm going

to prove it some day."

NEW YORK, Nov. 25.—After the crowds of Battery office workers have been whisked home on the subways and elevateds, the lights in lower New York are extinguished and the district so alive and vibrant by day takes on the quiet of Trinity churchyard.

Street cars no longer clatter down the tracks on Broadway. Newsboys and bootblacks have vanished and the Battery is plunged in darkness like an abandoned village. In the morning the section awakes in an hour. The hurrying, bustling office workers return, the shops are soon running full speed and trains roar underground and above the street.

Few know that during the night shadows of men walk the streets of the Battery, men half alive and starving. Cokes and alcoholics shuffle slowly through the darkness hugging the buildings. Nobody knows where they are going or what they are doing in the desolate quiet of lower New York at that hour of night. Still they parade the streets winter and summer, never in pairs, always alone.

By midnight every doorway in the neighborhood is occupied by some rascally specimen, usually invisible from the effects of the cheap "smoke" which peddles for so little. It isn't a very pleasing drink, this stuff called "smoke" but the customers don't expect that. They don't drink for epicurean pleasure.

A Bit Out of Place  
The other night, in the biggest, most elaborate studio at Radio City, Alla Nazimova was broadcasting a piece from her play, "Doctor Monticelli." The audience, many dressed in evening attire, listened silently as the great Nazimova became more and more dramatic. The great studio was utterly silent except for her voice.

Then socks! A scuffle in the balcony. A corps of ushers rushed to stop a pair of battling gladiators who were both out to kill. Some young fellow, probably thinking himself at a football game in the Yankee stadium had turned up pouring into the lap of a woman sitting directly below him. Her escort didn't like that at all and a bloody fight ensued. The drunk was quietly but firmly booted.

"We wanna 'nother touchdown!" he yelled as they strong-armed him to the street.

The Passing of a Street  
Back in the gay old days of hand-  
soms and horses, Riverside Drive was the greatest and rizziest thoroughfare in New York. It has, however, been falling gradually into a decline and today rents on the Drive have reached a new all time low.

To this writer, at least, it is still the most thrilling street in the world, with the majestic silver Hudson bordering it for miles. Today not a single celebrity or millionaire makes his home on the

CHAPTER XXVI  
THE New York state investigation of the Long Island mud-bank scandal was going ahead apace, with every legislator at Albany proposing his own bill to cure the evils of racketeering—when one night a gentleman called on Jim and Mary.

Our couple were still honeymooning in their 68th Street furnished room. The gentleman turned out to be a realtor, with extensive suburban properties. "But an honest realtor," he assured them, proffering his card, which read: Mr. Herbert Spencer.

"James Tibbett," he continued. "I am Tibbett, the realtor's Association of New York, whereof I have the honor to be president, desires to acknowledge the distinguished services you have rendered it in driving the land racketeers from the field."

## Ruling Affects Minimum Wage Regulations

SAN FRANCISCO, Nov. 24.—To decide what action shall be taken where there is conflict between the minimum wage regulations established for women by the Industrial Welfare Commission and those set up by the NRA, a conference was arranged today to include members of the commission, representatives of the California Manufacturers' Association, Director Reardon of the Department of Industrial Relations and Attorney General Webb.

The matter has come to a head through an opinion given the Division of Industrial Welfare by Attorney General Webb that whenever there is a conflict between wage regulations set up by the State or through NRA codes, "the higher wage rate or the regulation giving the greater protection to the worker shall prevail."

The Attorney General also instructed the Division of Industrial Welfare that in his opinion it should enforce the provisions of the NRA or CRA, wherein they relate to "wages, hours of labor, comfort, health, safety and welfare of women and minors to the same extent and in the same manner that these provisions would be enforced were they contained in the industrial welfare act or in the rules and regulations of the California Welfare Commission."

### Don't Take Pills For Constipation

Ordinary pills taken to relieve constipation merely force a movement of the bowels without making the liver secrete its excess bile. That's why the trouble returns in a day or two and you have to swallow more pills.

What every constipated person needs is a good liver tonic like Plantax to thoroughly cleanse the digestive system of all foul secretions and at the same time restore the torpid, lazy liver to proper working order. When this is done you will no longer have frequent headaches, coated tongue, yellow skin, sour stomach, gas, bloated abdomen or other symptoms of constipation and liver trouble.

Plantax is made from the juices of harmless medicinal plants—Nature's own remedy—that act in a mild, easy way without "weakening" or irritating the organs. Try it tonight. Large bottle \$1 at all good drug stores.

Officials of the Department of Commerce and of United Airlines left Chicago immediately for the scene of the wreck to investigate.

## Many Rumored As Candidates For Treasurer

SACRAMENTO, Nov. 24.—If Charles G. Johnson definitely decides to enter the race for the governorship the contest for the State Treasurer job which he vacates will almost equal in intensity the campaign for the gubernatorial chair.

Charles J. Chenu, Sacramento banker is definitely in the race for Treasurer, regardless of whether Charles G. Johnson seeks the governorship or attempts to retain his present post.

# AL LASHES ROOSEVELT EXPERIMENT

(Continued from Page 1)

writes, "to be regular just for the sake of regularity."

Undermine Confidence

"What we need in this country is absolute dependability in our money standards. It is the only thing which will restore confidence. The latest fiscal moves of the administration have undermined public confidence. They have created uncertainty. Uncertainty paralyzes business, discourages private initiative, drives money into hiding and places the entire burden of sustaining the population on the central government."

"We are told that there is a new theory of government abroad. It is the theory that the executives are quarterbacks on a football team who do not know a minute in advance what signal they will call next. They determine the plays on the basis of 'hunches.' Of course this is just another name for opportunism. There is nothing new in it. It never pulled a modern industrial nation out of a depression."

Must Return to Gold

"In the absence of anything definitely known to be better, I am for a return to the gold standard. I am for gold dollars as against balance dollars. I am for experience as against experiment. If I must choose between private management of business and management of a government bureaucracy I am for private management."

"I am ready to go through a certain amount of deflation if the choice is between this and outright money inflation. If I must choose between the leaders of the past, with all the errors they have made and with all the selfishness they have been guilty of, and the inexperienced young college professors who hold no responsible office but are perfectly ready to turn 130,000,000 Americans into Guinea pigs for experimentation, I am going to be for the people who have made the country what it is."

## Speaking Of Sports

PHILADELPHIA, Nov. 24.—UP.—The move to de-emphasize football is contrary to the wishes of sport followers whose paid admissions make the games possible, according to Glenn S. (Pop) Warner, dean of Temple University.

It also has worked a hardship on the University of Pennsylvania, Warner asserted, because that school has adopted rules which opponents have not concurred in. Warner was interviewed regarding the "Gates Plan" at the University of Pennsylvania, which prohibits spring football training, eliminates the training table, and provides that the coach shall be a member of the faculty and that his salary shall not exceed the scale paid other professors. The plan was adopted to lessen emphasis on football.

"I think that the Gates plan, with certain modifications, would be very good if all universities would adopt it, but as it is Pennsylvania football teams find themselves at a decided disadvantage because their opponents are able to get more and possibly better players," Warner said.

"This situation is not helpful to a good spirit among both the team and spectators, because they, especially the spectators, find themselves in an atmosphere of de-emphasized football, when, in their

opinion, it should not be de-emphasized.

"First of all, I can't understand why Pennsylvania did away with spring football practice. Football is a game which needs much training and in this matter it is no different than any other sport."

"Penn doesn't prohibit its track men from training in the fall, even though it is a spring sport, and neither do they prohibit tennis practice in the fall. Therefore, Penn is not being fair to its football teams."

## Roosevelt Clan to be Discussed

Joseph C. Whitnah, publicity director of the Richmond Chamber of Commerce, will be heard on "Three Hundred Years of the Roosevelt" in a talk over radio KROW at 5:45 o'clock tomorrow evening. He will trace the ancestry of President Roosevelt back to the earliest Dutch settlement in this country and also to the Pilgrims who landed on the Mayflower.

The talk will depict a remarkable heritage of a long line of successful ancestors back of the President. This is one of a series of Sunday evening talks by Whitnah on popular subjects.

## SLAYING IS CONFESSED BY RELATIVE

CHICAGO, Nov. 24.—UP.—

Clouds of obscurity began rolling away today in the Rhea Gardner Wynkoop mystery as Dr. Alice Lindsay Wynkoop told a coroner's jury that she fired a bullet into her daughter-in-law's body after the girl had been given an anaesthetic.

Despite Dr. Wynkoop's claims that the death was at least partly accidental, the jury returned a verdict that Rhea died of the gunshot wound, rather than the anaesthetic, and recommended that the 62 year old woman physician be charged with murder. Assistant State's Attorney John M. Long said the case would be taken before a grand jury as soon as possible.

Dr. Wynkoop's statement left her a broken woman. She said she fired the bullet into Rhea's heart "on an impulse."

Police said that the statement left many details of the mystery unclear. They were especially interested in learning, they said, what further part, if any, Earl Wynkoop's affairs with other women played in the mystery, and why the doctor would shoot a girl she admitted loving and whom she thought already was dead.

The statement, subsequently read to the jury and verified by the doctor, came after hours of questioning during which six accusers, working in relays, played the mother against the son. This procedure finally led to a story of how Rhea had been murdered while she lay almost dead on an operating table in the basement of the Wynkoop mansion.

The woman doctor admitted knowing of her son's marital unhappiness since his marriage four years ago to Rhea Gardner of Indianapolis. She knew, also, she admitted, of affairs which the son, Earl, had been having with other women, most of whom were blondes or auburn haired.

The death occurred, according to the statement, at about 3:30 p. m. Tuesday, five hours before an undertaker was called and more than six hours before police were notified.

Dr. Wynkoop said that the beautiful 23 year old girl had undressed to weigh herself. She did this almost daily, the doctor said, because she had been ill and worried about her health.

During the afternoon, Dr. Wynkoop stated, she and Rhea were alone in the 16-room house on Monroe street. Rhea went to the basement treatment room. She had off most of her clothes when Dr. Wynkoop entered. Rhea complained of abdominal pains.

Dr. Wynkoop said that she suggested treating Rhea while she had her clothes off. She had treated her before, she said. Rhea agreed and asked for an anaesthetic to relieve the pain. Chloroform was poured on a sponge and Rhea inhaled it.

After a short time, Dr. Wynkoop stated, she found that she could not revive Rhea. Then, she said, an "impulse" seized her. She procured a revolver and shot the girl in the back. She then put a cotton undershirt on the body, covered it with a blanket, and went for a walk.

"The case was so overwhelming that no action was possible for a period of several hours," she said.

INDIANAPOLIS, Nov. 24.—UP.—The body of Mrs. Rhea Gardner Wynkoop, talented young musician who died mysteriously in Chicago Tuesday, was brought back to her former home tonight for burial.

Members of her family were at the depot when the train pulled in.

## FOX TAKEN FOR A 'RIDE' BY BANKERS

(Continued from page 1)

working under conditions that prevail now. There was no new deal then. The common people were — just common people."

Fox said he then asked Huston to carry his plea for aid from "the conspirators" to President Hoover and Huston agreed. Later, he personally went to the White House and appealed to Mr. Hoover.

In desperation as the hour of the big raid neared, Fox said Huston visited him and said:

"I know these men won't do anything even if the request comes from the White House. We will get a lawyer in New York these bankers are afraid of — the big bugaboo — Samuel Untermyer."

"Oh, so Mr. Pecora wasn't heard of at that time," interposed Senator Couzens, Republican, Mich., a member of the committee.

Fox then disclosed that Untermyer's fee was \$1,000,000 to prevent a receivership. Meantime, he said he "peddled his wares in lower Broadway trying to raise some money." He appealed to Richard Hong of Hayden, Stone & Company, and was rebuffed.

"I finally said to him," Fox went on, "I know what's in your mind. You'd like to cut out one of my kidneys."

"He said, 'That's about right, but you have made one mistake. I want both of them out.'"

The committee today said business and bank records of the Fox Film organization would be subpoenaed to verify Fox's charge of yesterday that bankers interested in the movie expedition, included the National City bank and the Hariman National Bank "grabbed" Fox deposits in November 1929.

# WHAT are the PURCHASING AGENTS DOING?

EVERY big company has one or more men whose entire time is devoted to buying the things which that company needs.

These men are specialists. It is their business to know prices . . . materials . . . sources of supply . . . present and future trends. They are the shrewdest, canniest buyers in the world.

But ALL of us, in a small way, are purchasing agents. We HAVE to buy a certain number of things, if only to keep alive. And most of us aren't very skillful at it. We waste a lot of money. We miss the good bargains. In fact, we could learn a great deal by watching a professional buyer at his work.

At this time, especially, it may be helpful to know what the big purchasing agents are doing. Are they cutting down? Are they opening up? Do they think this is a good time to buy or a bad time? What do they think about the future?

Well, the answer is that they are all buying as fast as they can buy.

And they are buying because THEY KNOW THAT PRICES ARE GOING UP.

"Pig iron has advanced 13 percent," the purchasing agent of a \$20,000,000 corporation recently said. "Brass is up 42½ percent. I am paying 41 percent more for lumber than I did in March, and fiber packing cases have doubled in price. In fact, everything we use in this business is costing us more today, and will in my opinion cost us still more tomorrow. I believe . . . that many commodities will be back to or near 1929 levels by spring."

That's the way the professional purchasing agents feel about it. And they KNOW. They have special sources of information. They are closely in touch with industry. They have studied the workings of the NRA codes.

PRICES ARE GOING UP. And it's a good thing for everyone. For things had come to the point where NOTHING had any true value. A man's time . . . his product . . .

his property . . . all had sunk so low in value that he couldn't even get a decent living.

That couldn't go on. So the Government set up the machinery of the NRA codes in order to MAKE EVERYTHING WORTH SOMETHING AGAIN.
